BRIEF BIOGRAPHY

SENIOR TALENT DEVELOPMENT SPECIALIST

- Mark Strunin has had an extensive and successful career in both external consulting and internal leadership of employee training and organizational development. He has also had private education and community work experience. Mark served as Director of Learning and Career Services at the nation’s largest public health plan based in Los Angeles. His leadership roles encompassed innovation and process improvement; program design, delivery, and facilitation; executive coaching; staff supervision; and interim management.
- Mark now focuses his expertise on training leaders to achieve supervisorial excellence and innovative programming in private, public, and non-profit organizations. His professional and personal interests span a wide spectrum; several of these include healthcare, the “people side” of information technology, education, government, social justice, and the arts.
